KMACS-5 Communication Conversion Kit, Part #425-099

(To convert 400-045 KMACS-5, No Comms, into 400-046 KMACS-5, with Comms)

If you own a KMACS-5 without communications (400-045), and now wish to install communications, this conversion kit will work for your system. The kit includes mounting hardware and instructions.

For additional information, contact the KMDSI sales department.

The conversion kit for the new KMACS communicator is easily installed.
